PHYSICS DEPARTMENT

CHICAGO, ILLINOIS

DECEMBER 10, 1925

TO THE PRESIDENT OF THE UNIVERSITY OF CHICAGO

FROM THE PHYSICS DEPARTMENT

SUBJECT: REPORT ON THE PROGRESS OF THE PHYSICS DEPARTMENT

During the year 1925, the Physics Department has been engaged in a series of experiments designed to determine the nature of the forces which govern the motion of particles of matter.

The results of these experiments are presented in the accompanying report, which shows that the forces in question are of a new type, and are not of the same nature as the forces which govern the motion of particles of matter.

The results of these experiments are presented in the accompanying report, which shows that the forces in question are of a new type, and are not of the same nature as the forces which govern the motion of particles of matter.
